

I really feel that K-LOVE is so beneficial to my community. I am so thankful that I can listen to this positive, awesome music in my town, where it is one of only two stations that broadcasts the kind of music that puts a smile on my face and gets me through rough days. I listen to K-LOVE at least 2 hours every day. I would be very disappointed if K-LOVE were displaced by LPFM broadcasters because of the joy that I get from listening to it. I don't listen to anything but the encouraging and refreshing music and ministry that comes from stations like K-LOVE. It is so beneficial in the lives of those around me in my community. All of my friends tune in and when

I see them, I see smiles. I most definitely think it is important and vital to keep K-LOVE on the air in my community. K-LOVE speaks of hope and life, love and joy, and those are things that our society needs more of. I hear of people's lives changed through listening to K-LOVE and receiving the spirit of joy that flows through the station. K-LOVE is so important and special to me and I sincerely hope that it remains streaming to my radio! Thank you for the opportunity to give comments. Have a blessed day.
